

A Directory of Mental Health Care Professionals and Agencies
Compiled by the
Human Care Committee
The New England District – LCMS

If this is an emergency, call 911 or go to your nearest emergency room.

The following list of mental health care professionals and agencies includes names provided to the Human Care Committee by members of the ministry and others in the field of health care. Neither the New England District, the LCMS, nor the Committee makes any endorsements of these individuals or agencies nor makes any representation as to their qualifications or capabilities. The Committee suggests that those consulting this list confer with any individuals or agencies named prior to securing their services to determine their acceptability and appropriateness as a health care provider.

This list is compiled of names known by the Committee at this time. Therefore, it is not an exhaustive list of professional counselors in the District. If other competent professionals are known to you, please notify the Commission of their names for future listings. If you would like to provide any positive or negative comments about any counselor on this list, please provide those to the Committee.

The arrangement for pay is negotiated between the counselor and the client. To see a list of providers that are in network for the Concordia Plans, which is Cigna for mental health, click on this link <http://apps.cignabehavioral.com/web/basic/site/consumer/consumer.jsp> then on the lower left part of the screen type “lcms” in the Employer ID box for coverage and provider information.
